Burnable garbage

● Make sure to tie the bag closed before you dispose of it.

★ Please dispose of your waste in a **designated garbage bag**.

Food scraps

Aluminum foil

Cooking oil

Empty plastic containers such as shampoo bottles, video tapes, CDs, plastic bags, and other plastic waste

- Drain water from food scraps before disposal.
- Absorb cooking oil in cloth or use a solidifier before disposal.
- You can also bring your waste directly to the Clean Center, Stockyard, and other waste facilities.
- Disposal fees will be charged for any waste not in a designated garbage bag. (See the list of disposal fees below.)
- Bring any waste larger than the designated garbage bags directly to the Clean Center. A fee will be charged for disposal. Please check with the Clean Center beforehand since there are size and other restrictions on waste accepted. (See the list of disposal fees below.)

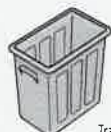

(Examples)

Clothes storage box

Planter

Trash can

Bath stool

(The list of disposal fees if you bring your waste directly)

| Weight | Up to 10 kg | 10–20 kg | 20–30 kg | ¥150 yen for every additional 10 kg |
|---------------|-------------|----------|----------|-------------------------------------|
| Disposal fees | 150 yen | 300 yen | 450 yen | |

★ Please dispose of your waste in a **clear or semi-clear bag**. (Fee-exempt waste)

Pruned branches
※ Bundle before disposal.

Grass clippings/fallen leaves

Paper diapers (excluding pet diapers)
※ Write "おむつ" on the outside of the bag.

Futons

- Make sure that pruned branches are tied into a bundle that can be carried in one hand, with each branch less than 2 cm in diameter and 50 cm in length. You can dispose of up to three bundles at once. (Less than 10 cm in diameter and 50 cm in length if you are bringing branches directly to the Clean Center, Stockyard, or other designated facilities.)
- Dispose of grass clippings/fallen leaves after they have dried out. You can dispose of up to three bags at once.
- Clean out diapers before disposing of them and write "おむつ" on the outside of the bag.
- Cut futons into smaller pieces about the size of a cushion and dispose of them in a bag or bundle. (If it is difficult to cut up the futon, bring it directly to the Clean Center, Stockyard, or other designated facilities.)
- Do not use the same bag for different types of waste.

Non-burnable garbage

※ Less than 60 cm in height, width, and depth, and also weighs less than 10 kg

★ Please dispose of your waste in a **clear or semi-clear bag or container**.

Toys
(Including metal toys)

Ceramics

Glass

Flower pots

18-liter drums

Batteries

Fluorescent tubes/light bulbs

Mercury thermometers/
blood pressure monitors

Aerosol cans/gas cartridges and lighters

- If you are using a container to dispose of your waste, please make sure that it is your own container.
- When disposing of the following items, use different clear bags by type and indicate the type of waste on each bag.
● Batteries ● Fluorescent tubes/light bulbs ● Mercury thermometers/blood pressure monitors ● Aerosol cans/gas cartridges and lighters
- When disposing of knives, broken glass, and other sharp objects, wrap them in thick paper and indicate the contents on the bag.
- When disposing of a kerosene stove, make sure to completely drain the kerosene inside.
- Any item containing metal is non-burnable garbage.
- Any item that is 60 cm or more in height, width, or depth, or weighs over 10 kg is oversized waste. (See Page 8.)

⚠ Please dispose of these items properly and carefully to avoid any risk of fire!

- When disposing of an aerosol can/gas cartridge, **puncture a hole in the can to completely drain any remaining gas.**
- When disposing of lighters, **make sure to completely drain any remaining gas.**

Subsidy Program for Purchase of Food Scrap Disposal/Composting Equipment

In order to reduce waste, the City offers subsidies for the purchase of kitchen garbage disposal and composting equipment for households. Please note that you need to submit an application before you purchase any equipment in order to receive the subsidy.

50% of the purchase price will be paid as a subsidy. (Subsidy limit: 30,000 yen for machines and 3,000 yen for compost bins)

Recyclables

Glass bottles, cans, and PET bottles that contained food or drink only.

Make sure to remove caps, drain contents, and rinse bottles before disposal.

Dispose of metal caps as non-burnable garbage and plastic caps as burnable garbage.

Dispose of bottles that contained products other than food or drink, such as paint and insecticide, as non-burnable garbage after completely emptying their contents.

Glass bottles

★ Please dispose of in a **container**.

- Glass bottles only.
- Dispose of glass plates, glassware, and ceramics as non-burnable garbage.
- Dispose of glass bottles that contained products other than food products as non-burnable garbage.
- Take back returnable glasses, such as beer and sake bottles, directly to the store as much as possible.

Cans/PET bottles

★ Please dispose of in a **container**.

- Cans that contained food, snacks, tea, cooking oil, powdered milk, etc. are also collected.
- Only PET bottles with the recycling symbol shown on the right can be collected. Dispose of any other PET bottles as burnable garbage.
- Labels and caps should be removed and disposed of as burnable garbage.

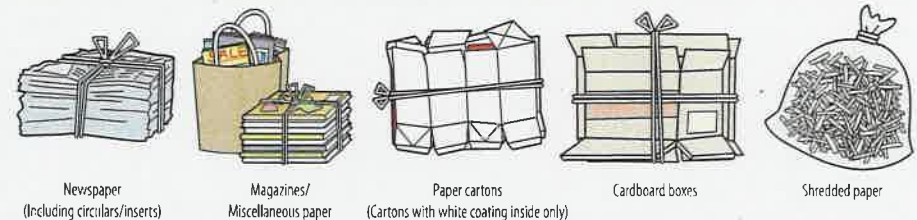

Recyclable Collection Incentive Program

To reduce waste and promote effective use of recyclables, financial incentives are offered to residential groups that participate in organized collection of recyclables. You must register in advance to participate, so please contact the Waste Management Division.

Paper waste

★ Sort paper waste **by type** and dispose of them by **tying them into a bundle or in a paper bag**.

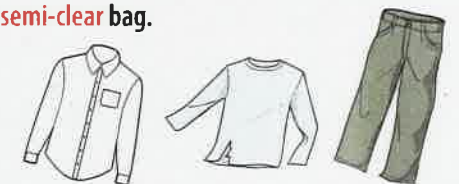

- When disposing of paper waste, such as snack boxes, tissue boxes, toilet paper tubes, plastic wrap tubes, wrapping paper, postcards, envelopes, paper bags, memo pads, and business cards, tie them in a bundle or put them in a paper bag.
- Remove the plastic liners of tissue boxes and plastic windows of window envelopes before disposal.
- Thermal paper, carbon paper, photos, pressure bonded (peel-open) postcards, adhesive tape, dirty or smelly paper, and waterproofed paper cannot be recycled, so please dispose of it as burnable garbage.
- Dispose of paper cartons by cutting them open, rinsing them with water, drying them, and bundling them before disposal.

Clothes/Old Fabric

Clothes such as shirts and fabric such as towels

★ Please dispose of your waste in a **clear or semi-clear bag**.

- Wash and fold clothes before disposal. Do not remove zippers or buttons.
- Please do not dispose of them on rainy days. (Wet clothes cannot be recycled.)

⚠ Items often confused with recyclables

Dispose of leather items, cotton or down-filled items, and significantly dirty and torn cloths as **burnable garbage**.

Friendly Collection Service

The collection service is available for households that are unable to take out waste to the designated collection stations by themselves due to age or disability and have no one close who can help them take out waste. Certain requirements must be met to use the service, so if you are interested, please contact the Waste Management Division for details.

Waste and recyclables dropped off at recycling center

Small Home Appliances Excluding four kinds of household appliances

- Dispose of items no larger than 25 cm in width and 10 cm in height in collection boxes placed in locations such as the main city hall building, administrative centers, Public Service Center, district centers, and branch offices. Please drop off larger items directly at the Recycling Center.
- Please make sure to remove all personal data before disposing of mobile phones, computers and other items that contain personal information.
- Items that are smaller than oversized waste can also be disposed of as non-burnable garbage on the designated collection days, however, please dispose of them directly in a collection box or at the Recycling Center as much as possible.
- No disposal fee will be charged for recyclables.
- Four kinds of home appliances (air conditioners, televisions, washers/dryers, and refrigerators/freezers) cannot be collected. (See Page 10.)

White Food Trays White trays only

- Please dispose of them in collection boxes placed in locations such as the main city hall building, each administrative center, Public Service Center, each district center and branch office.
- Please dispose of natto packs, cup noodles, and other colored or patterned trays as burnable garbage.

Used Ink Cartridges

- Please dispose of them in collection boxes placed in locations such as the main city hall building, each administrative center, Public Service Center, each district center and branch office.
- Only the ink cartridges of five domestic printer manufacturers are accepted (Brother Industries, Epson, Cannon, Dell, and Hewlett-Packard Japan).

Oversized Waste

Any item that is 60 cm or more in height or width or weighs 10 kg or more

- Oversized waste cannot be disposed of at collection stations.
- Please drop it off directly at the Recycling Center or use the individual collection service.
- A fee will be charged for disposal.

Items greater than 60 cm in height or width, or weighing more than 10 kg:

..... 1,030yen per item

Items greater than 150 cm in height or width, or weighing more than 20 kg:

..... 2,080yen per item

Items greater than 200 cm in height or width, or weighing more than 30 kg:

..... 3,130yen per item

Individual Collection Service

- The service is available if you cannot drop off oversized waste, four kinds of home appliances (see Page 10) or futons directly at the facility. A pick-up service fee of 1,030yen will be charged per pick-up. The service is available by reservation, so please apply through the Recycling Center. Pick-up days are fixed for each area.
- (Monday: Imaichi Area)(Wednesday: Nikko/Ashio Areas)(Friday: Fujihara/Kuriyama Areas)

One-time Large Volume Waste

- A large volume of waste generated from moving, major housecleaning, and pruning trees cannot be disposed of at collection stations. Please check with the Clean Center or Recycling Center and drop it off directly at whichever center is appropriate, or use the waste collection service companies certified by Nikko City.

Waste and recyclables dropped off at recycling center

Business Waste Shops, restaurants, offices, etc.

- ★ Business waste refers to all types of waste generated from the business activities of companies, factories, agriculture, shops, restaurants, offices, schools, hospitals, etc. run by corporations, individuals, for-profit/non-profit organizations, etc.
- ★ Business waste cannot be disposed of at collection stations. Please drop it off directly at the Clean Center, Recycling Center, Stockyard, or other appropriate facilities, or use the waste collection service companies certified by Nikko City.

Recyclables & Waste Sorting App, "3R"

3R is an app that allows you to easily find out how to sort your waste from the list of recyclables and waste and also reminds you of the waste collection days. The app delivers notifications such as collection day changes during the New Year's holidays and also various information on how to reduce and recycle waste. This is a free app, so try it for yourself.

Download the app.

● Main features

- Waste search for sorting Look up the type of waste from the list of recyclables and waste to check the right way to sort it.
- Recyclables & waste sorting guide Find out more details and important points about sorting and disposal.
- Collection day calendar Set your area to see the collection days on the waste collection day calendar.
- Collection day notification Set the notification alarm for the collection days.
- Quiz Take the fun quiz to learn about waste sorting and recycling.

Burning Waste in Open Areas (Outdoor Burning)

Outdoor burning is prohibited by law. Burning waste by in a drum can, piling up blocks, and digging a hole are all also considered to be outdoor burning. Instead of outdoor burning, please dispose of your waste by following the "waste sorting and disposal methods" designated by Nikko City.

● Contact: Environment Division ☎0288-21-5152

Items not collected by Nikko City

Tires, fire extinguishers, batteries, pesticides and chemicals, paint, drum cans, motorbikes, gas cylinders, PVC sheets and pipes, construction waste, tiles, agricultural plastic sheets, concrete, stones, fireproof safes, etc.

- ★ For items not collected by Nikko City, please contact the retailer where your purchase was made or a professional disposal contractor for disposal. If you don't know the retailer, please contact the Recycling Center.

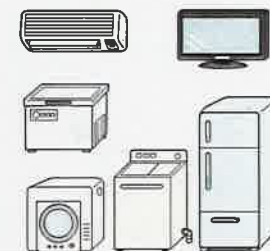

Home-generated Medical Waste (Syringes/needles)

- ★ Please contact the medical institution where the prescription was made.

Four Kinds of Home Appliances (Air conditioner, microwave, washing machine, refrigerator)

- ★ Please contact the retailer where your purchase was made for disposal.
- ★ If you don't remember the retailer, please purchase a recycling ticket at a post office and then bring it to the Recycling Center. A pick-up fee for picking up the item from your requested location and transporting it to the Recycling Center will also be charged separately.
- ★ If you cannot drop the item off directly at the Recycling Center, please use the individual collection service. (See Page 8.)

Watch out for unauthorized disposal services!

There are some vendors who drive around in their trucks, making announcements such as "free waste collection service," however, Nikko City has not authorized these vendors to collect and transport waste. Collecting waste without permission is a serious crime. Trusting and contacting these vendors to dispose of your waste can lead to problems and illegal dumping, so please be cautious and not get involved with these vendors!
